I am a Business Development Manager with solid experience in commercial expansion, strategic account management, and market development across Latin America and international environments. I have a proven track record in the technology, iGaming, and international business sectors, leading sales strategies, brand positioning, and client relationship management in global companies. I bring international experience through a student exchange program in the United States, as well as experience working as an interpreter and negotiator in Miami, and participation in global industry events. I am fluent in English and Spanish, with strong negotiation, networking, and high-impact partnership development skills. My focus is on driving sustainable results, expanding business opportunities, and strengthening companies' market positioning.
